conscious
step to:

Deep Cellular Hydration.
Improved Energy Levels.
Better Mobility & Vitality.
Cell Detoxification.

“If we could stay perfectly hydrated in the intracellular environment, our aging would slow down, if not reverse.”

Dr Zach Bush

The First Step: **Be Conscious of the Water Source**

1 Use Distilled Water, Home Filtered Water or Reverse Osmosis Water

2 Fill Up Your 1,2 litre Water Bottle with Intention

3 Avoid Tap Water & Bottled Water

4 Use High Vibe Structured Mineral Water Drops

5 Leave the Water in the bottle for 5 minutes to absorb the frequency for best results

Sip Consciously. Hydrate Intentionally. Rise Vibrationally.

Wash Daily

Hand Wash with Mild Soap -
Avoid Harsh Chemicals and
Sponges.
Remember to wash the lid
and straw.

Preserve & Enjoy the Frequency

By holding the bottle, it coherently
structures the water inside your
body, as well as the water in your
Pure Resonance Bottle.

AVOID: Leaving the bottle
close to your wifi, as this will
draw the frequency from the
bottle.

Hydrate Consciously

Set an Intention when pouring
your water into your bottle.
Every time you sip, connect to
the water, send love, gratitude
and Vitality into it.

FUN FACT: Water
Responds to your
emotions & intentions.
